1. Follow the instructions overleaf to get to Caer Drewyn hill fort but instead of heading up the track, continue straight ahead.

2. Go through the gate which is signposted as a bridleway.

3. Follow the bridleway until you come to a cottage. Head through the two gates.

4. You then have a choice to follow the Dee Valley way up the hill for spectacular views.

5. Or you can follow the Clwydian Way which is less hilly.

6. Both routes bring you out onto a lane. Follow the lane down hill and turn left at the bottom. Continue through the village and the pub will be on your left!
